1. Introduction

This report presents the status of the Institutional Controls ("IC") Investigation/Study for the Interstate Pollution Control ("IPC") Site ("Site") pursuant to U.S. EPA's and Illinois EPA's ICs monitoring process. The IC Investigation/Study is necessary for the Illinois EPA to conduct a review of whether the remedial action is protective of human health and the environment. The goals of the IC Investigation/Study are:

- To evaluate whether institutional controls currently exist that were required by the ROD and Consent Decree;
- To identify and recommend any corrective measures to existing ICs necessary for their effectiveness; and
- To recommend any new or additional ICs.

2. Site Description

The IPC Site is located in an industrial area in south central Rockford, Winnebago County, Illinois, northwest of Magnolia and Peoples Avenues, as shown on the figure included in Attachment A. The small, approximately 2.8 acre, irregularly-shaped Site measures approximately 850 feet long along the north boundary line and 270 feet long along the east boundary line, with a pan-handle shaped extension to the west.

A Site boundary map that identifies the current Site boundaries of the restricted area and which includes streets, easements, property ownership information, and other recorded plat and/or survey information is included in Attachment B. The map was prepared by an Illinois-licensed land surveyor and includes coordinates that are accurate to approximately 0.1 feet. The map was formatted into an ESRI polygon-shaped shape file projected into the UTM, NAD 83 projection system. The shape files for each polygon are available, on request. An aerial map of the Site onto which the property boundaries and parcel numbers are overlaid is also included in Attachment B. The boundaries depicted on these maps match those included in the areas covered by the existing proprietary controls.

3. Site Background

During IPC's period of operation the Site contained, at various times, at least six underground storage tanks, one large above-ground storage tank, an unlined surface impoundment, a gas-fired incinerator, and several structures. IPC's operations included transporting and bulking waste oils, solvents and cyanide waste for incineration, resale and/or off-site disposal. Prior to IPC's operations, the Site was extensively quarried and backfilled with various materials including a large quantity of foundry sand. Following the filling of the quarry and immediately prior to IPC's operations, the Site held an auto salvage yard.

3.1 Site Investigation

Significant removal actions have occurred at the IPC Site. First, IPC removed the incinerator between 1976 and 1979 and conducted a partial cleanup of the Site, in response to an Illinois Pollution Control Board Order. During this partial cleanup, several bulk tankers containing wastes, approximately 180 yds³ of material from the surface impoundment, and approximately 120 yd³ of cyanide-contaminated soils were removed. Reportedly, 1,200 drums of contaminated materials also were removed and the surface impoundment backfilled and graded.

On August 6, 1991, the U.S. EPA issued a Unilateral Administrative Order ("UAO") to IPC and other Respondents to conduct additional removal activities at the Site. Beginning in 1992, the Respondents fenced the Site, removed over 1,400 tons of solid and hazardous waste (including visibly stained soils), demolished and removed all above-ground and underground tanks and significant structures, and installed a clay cover over the former impoundments.

Also in 1991, many of the same Respondents negotiated a Partial Consent Decree with the Illinois EPA and the Attorney General of the State of Illinois that required a Remedial Investigation/Feasibility Study ("RI/FS") at the Site. The Respondents completed the RI Work Plan in 1992, conducted field investigations during 1993-1994, and submitted the final RI Report in 1997.

The RI concluded that the Site's groundwater was impacted with numerous organic and inorganic constituents from a combination of past Site activities and from a number of side and upgradient sources.

3.2 Remediation

The Illinois EPA, with the concurrence of the U.S. EPA, selected a remedial alternative which addressed the remaining principal Site threats by installation of a site security fence and an impermeable barrier over the Site, placing institutional controls on future Site uses, reinforcing existing city and state groundwater use restrictions, and addressing groundwater contamination resulting from the Site by implementing a monitored natural attenuation program.

The Respondents have installed the site security fence and the impermeable barrier and have performed the required one year of quarterly background sampling at each of the six Site wells and the two off-site wells. Required semi-annual monitoring for each of the seven constituents of concern (COCs) is currently performed at all eight monitoring wells. The results of the ongoing sampling and evaluations of Site groundwater conditions are provided to the Illinois EPA in annual reports.

4. Verification of Institutional Controls

Institutional controls (ICs) are used to minimize the potential for human exposure to contamination and/or protect the integrity of a remedy.

The current and generally accepted practice is to provide multiple layers of ICs, including proprietary controls (*e.g.*, covenants) and informational devices (*e.g.*, deed notices, advisories), as appropriate to the respective Site.

This verification report documents the Respondent's activities to establish and to ensure that the ICs that have been implemented pursuant to the Consent Decree remain effective.

4.1 Site Ownership

The IPC Site consists of one property. The Site continues to be owned 1/3 by the heirs of Alma M. Anderson and 2/3s by Anderson's Garage.

4.2 Title Evaluations

The current title insurance commitment for the Site is included in Attachment C. The title insurance commitment lists the following exceptions:

- Sewer Easement as contained in instrument recorded in Book 159 on Page 117.
- Dedication of Right-of-Way as contained in instrument recorded in Book 696 on Page 626.
- Declaration of Restrictions as contained in instrument recorded as Document No. 9510096.
- Notice of Covenant Beneficiary Election Form as contained in instruments recorded as Document No. 9941081.

Each of the above documents is discussed below.

Sewer Easement

A sewer easement, a copy of which is included in Attachment D, was signed on March 31, 1906 and subsequently recorded on December 1, 1906. The easement conveyed to the Rockford Malleable Iron Works the perpetual right to construct and maintain a sewer along any portion of 60-foot wide strip of land, approximately 20 feet of which crosses the north part of the Site. This easement runs with the land, and is shown on the site boundary map included in Attachment B. Based on discussions with Arnold Lundgren and Associates, the surveying company that recently completed the boundary survey map, a sewer line was constructed by the current easement beneficiary (Gunitite Corporation) within the confines of the easement but outside the Site boundary.

The Respondents are examining the impact of this easement on Site integrity and possible pursuit of subrogation agreement to quiet this encumbrance.

Dedication of Right-of-Way

The Site property owners (Anderson family) dedicated to the Town (now City) of Rockford, County of Winnebago and State of Illinois, and to the public generally, a strip of land for the purpose of highway. The document, included in Attachment E, was signed on March 20, 1950 and was recorded on April 5, 1950. The City of Rockford, County of Winnebago, and State of Illinois still hold the proprietary controls.

Declaration of Restrictions

Consistent with the requirements of the RD/RA Consent Decree, a restrictive covenant was recorded on the property on February 23, 2009, after lengthy efforts with the Site's owners. The Restrictive Covenant supplemented a March 24, 1995 covenant, recorded pursuant to RI/FS activities. The substance of these recorded documents is set forth below.

The RI/FS "Declaration of Restrictions" was signed on March 10, 1995 and recorded on March 24, 1995. The covenant (1) Provides notice of proceedings at the Site involving Illinois EPA; and, (2) Prohibits residential development, public access for non-industrial purposes, unpermitted handling of waste at or on the Site, and use of Site groundwater. The restrictive covenant applies to the use of the property and runs with the land. Exceptions to the aforementioned restrictions exist solely with Federal or State environmental agency authority.

The RD/RA "Easement and Second Declaration of Restrictions" was signed on February 16, 2009 and recorded on February 23, 2009. The covenant (1) Grants a right of access to representatives of the State of Illinois, the Settling Defendants and other appropriate grantees for the purpose of conducting any Consent Decree-related activity; (2) Provides notice of hazardous substances at the Site; (3) Prohibits excavations or other penetrations at the Site without regulatory compliance; and, (4) Requires maintenance of the engineered barrier. This restrictive covenant applies to the use of the property and runs with the land. It serves to protect against future installation of groundwater wells, future construction or excavation that might provide a route of exposure to impacted groundwater, and to protect the Site cap.

Copies of both of these recorded covenants are included in Attachment F. The attached copies are Winnebago County Recorder-stamped copies verifying that the covenants were properly recorded. The restrictions may only be modified or terminated in writing and with the prior written consent of Illinois EPA. Any modification or termination of an Environmental Notice and Restrictive Covenant also must be recorded.

Notice of Covenant Beneficiary Election Form

The Notice of Covenant Beneficiary Election Form was signed on September 4, 1998 and was recorded on June 23, 1999, and a copy is included as Attachment G. This covenant runs with the land and relates to the Southeast Rockford Superfund Site (which

encompasses the IPC Site) and releases the Owner for certain liabilities in exchange for continued access to the Site and recording of the document.

Summary

It appears that the required controls were executed and recorded in a legally enforceable manner, are still in place, are still effective, and they satisfy the IC objectives/performance standards. Therefore, existing control modifications or new controls are necessary.

4.3 Groundwater Management Zone

A Groundwater Management Zone (GMZ) application was prepared in accordance with 35 IAC 620.250(a)(1) and satisfying the requirements of the Record of Decision (ROD), dated September 28, 1999, and the Consent Decree (with Appendix B – Statement of Work (SOW)) with the State of Illinois, dated November 8, 2005. The application, dated July 6, 2009, incorporated Illinois EPA comments included in their June 10, 2009 conditional approval letter.

The purpose of the application was to establish a three-dimensional region containing groundwater being managed to mitigate impairment caused by the release of contaminants from the site. As indicated in Section 2.4 of the SOW, *“The six site wells...will constitute the horizontal and vertical boundaries of the Groundwater Management Zone.”* The GMZ is listed in the SOW as one of the required controls/restrictions.

4.4 Quarterly Inspections

Routine quarterly maintenance inspections are conducted at the Site and at the downgradient Rockford Park District property where the River Wells are located. These inspections were initiated by the Respondents to ensure that the Site is well maintained, that the ICs are respected, and that any problems are identified and addressed in a timely fashion. Results of each quarterly site inspection is provided to the Illinois EPA.

The quarterly reports include observations regarding the integrity of the Site cap, fences, gates, and locks. Observations also include the six on-Site and two off-Site monitoring wells.

Inspection reports for the second and third quarters of 2010 are included as samples in Attachment H. While the inspections indicated minor physical issues (animal activity at fences, etc.) all issues were promptly addressed and all inspections to date have indicated there were no activities that would compromise the ICs for the Site.

4.5 River Well Access Agreement

The Settling Parties entered into a formal access agreement with the Rockford Park District to install, access, sample, and maintain two wells in the direction of the Rock River, pursuant to the ROD and RD/RA requirements.

A copy of the access agreement with the Rockford Park District is included in Attachment I.

4.6 Title searches

Another layer in maintaining effective ICs is to verify the property owner, payment of taxes, and the absence of any further recordings against the property. According to the July 2010 title search report, all ICs are recorded without contradiction and the remaining items are in order.

The July 2010 title search report is included in Attachment C.

Results from the annual title search show no changes to the ownership of the subject property, confirms the referenced recordings, and that no new recordings have occurred.

5. Conclusion

The foregoing measures constitute compliance for ICs with the Site's Record of Decision and Consent Decree requirements. The ICs appear to be sufficient and no new ICs or modification of existing ICs are proposed, with the exception of consideration of efforts to narrow the Sewer Easement discussed on page 3.

CHICAGO TITLE INSURANCE CO

COMMITMENT FOR TITLE INSURANCE

Chicago Title Insurance Co, a Nebraska corporation ("Company"), for a valuable consideration, Commits to issue its policy or policies of title insurance, as identified in Schedule A, in favor of the proposed Insured named in Schedule A, under the terms of and subject to the provisions contained in the "AMERICAN LAND TITLE ASSOCIATION COMMITMENT - 2006" issued by the Company, which are incorporated herein by reference and made a part of this Commitment, upon payment of the premiums and charges and compliance with the requirements, if any; all subject to the provisions of Schedules A and B, and to the Conditions of this Commitment.

This Commitment shall be effective only when the identity of the proposed Insured and the amount of the policy or policies committed for have been inserted in Schedule A hereof by the Company.

All liability and obligation under this Commitment shall cease and terminate 6 months after the Effective Date or when the policy or policies committed for shall issue, whichever first occurs, provided that the failure to issue such policy or policies is not the fault of the Company.

CONDITIONS

1. The term "mortgage" when used herein, shall include deed of trust, trust deed, or other security instrument.
2. If the proposed Insured has or acquires actual knowledge of any defect, lien, encumbrance, adverse claim or other matter affecting the estate or interest or mortgage thereon covered by this Commitment, other than those shown in Schedule B hereof, and shall fail to disclose such knowledge to the Company in writing, the Company shall be relieved from liability for any loss or damage resulting from any act of reliance hereon to the extent the Company is prejudiced by failure to so disclose such knowledge. If the proposed Insured shall disclose such knowledge to the Company, or if the Company otherwise acquires actual knowledge of any such defect, lien, encumbrance, adverse claim or other matter, the Company at its option may amend Schedule B of this Commitment accordingly, but such amendment shall not relieve the Company from liability previously incurred pursuant to paragraph 3 of these Conditions.
3. Liability of the Company under this Commitment shall be only to the named proposed Insured and such parties included under the definition of Insured in the form of policy or policies committed for and only for actual loss incurred in reliance hereon in undertaking in good faith (a) to comply with the requirements hereof, or (b) to eliminate exceptions shown in Schedule B, or (c) to acquire or create the estate or interest or mortgage thereon covered by this Commitment. In no event shall such liability exceed the amount stated in Schedule A for the policy or policies committed for and such liability is subject to the insuring provisions, and Conditions and the Exclusions from Coverage of the form of policy or policies committed for in favor of the proposed Insured which are hereby incorporated by reference and are made a part of this Commitment except as expressly modified herein.
4. This Commitment is a contract to issue one or more title insurance policies and is not an abstract of title or a report of the condition of title. Any action or actions or rights of action that the proposed Insured may have or may bring against the Company arising out of the status of the title to the estate or interest or the status of the mortgage thereon covered by this Commitment must be based on and are subject to the provisions of this Commitment.
5. The policy to be issued contains an arbitration clause. All arbitrable matters when the Amount of Insurance is \$2,000,000 or less shall be arbitrated at the option of either the Company or the Insured as the exclusive remedy of the parties. You may review a copy of the arbitration rules at <http://www.alta.org>.

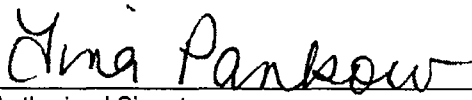

SCHEDULE B

Schedule B of the policy or policies to be issued will contain the applicable General Exceptions; and, if an owner's policy is to be issued, the encumbrance, if any, shown in Schedule A; and exceptions to the following matters unless the same are disposed of to the satisfaction of the Company:

(1) Defects, liens, encumbrances, adverse claims or other matters, if any, created, first appearing in the public records or attaching subsequent to the Effective Date but prior to the date the proposed Insured acquires for value of record the estate or interest or mortgage thereon covered by this Commitment.

(2) An ALTA Loan Policy will be subject to the following Exceptions (a) and (b), in the absence of the production of the data and other essential facts requested in our standard "ALTA Statement": (a) Any lien, or right to a lien, for services, labor, or material heretofore or hereafter furnished, imposed by law and not shown by the public records; (b) Consequences of the failure of the Insured to pay out properly the whole or any part of the loan secured by the mortgage described in Schedule A, as affecting: (i) the validity of the lien of said mortgage; and (ii) the priority of the lien over any other right, claim, lien or encumbrance which has or may become superior to the lien of said mortgage before the disbursement of the entire proceeds of the loan.

IN WITNESS WHEREOF, the Chicago Title Insurance Co has caused this Commitment to be signed and sealed as of the Effective Date of Commitment shown in Schedule A, the Commitment to become valid when countersigned by an authorized signatory.

Fidelity National Financial, Inc.
Privacy Statement

Fidelity National Financial, Inc. and its subsidiaries ("FNF") respect the privacy and security of your non-public personal information ("Personal Information") and protecting your Personal Information is one of our top priorities. This Privacy Statement explains FNF's privacy practices, including how we use the Personal Information we receive from you and from other specified sources, and to whom it may be disclosed. FNF follows the privacy practices described in this Privacy Statement and, depending on the business performed, FNF companies may share information as described herein.

Personal Information Collected

We may collect Personal Information about you from the following sources:

- Information we receive from you on applications or other forms, such as your name, address, social security number, tax identification number, asset information, and income information;
- Information we receive from you through our Internet websites, such as your name, address, email address, Internet Protocol address, the website links you used to get to our websites, and your activity while using or reviewing our websites;
- Information about your transactions with or services performed by us, our affiliates, or others, such as information concerning your policy, premiums, payment history, information about your home or other real property, information from lenders and other third parties involved in such transaction, account balances, and credit card information; and
- Information we receive from consumer or other reporting agencies and publicly recorded documents.

Disclosure of Personal Information

We may provide your Personal Information (excluding information we receive from consumer or other credit reporting agencies) to various individuals and companies, as permitted by law, without obtaining your prior authorization. Such laws do not allow consumers to restrict these disclosures.

Disclosures may include, without limitation, the following:

- To insurance agents, brokers, representatives, support organizations, or others to provide you with services you have requested, and to enable us to detect or prevent criminal activity, fraud, material misrepresentation, or nondisclosure in connection with an insurance transaction;
- To third-party contractors or service providers for the purpose of determining your eligibility for an insurance benefit or payment and/or providing you with services you have requested;
- To an insurance regulatory authority, or law enforcement or other governmental authority, in a civil action, in connection with a subpoena or a governmental investigation;
- To companies that perform marketing services on our behalf or to other financial institutions with which we have joint marketing agreements and/or
- To lenders, lien holders, judgement creditors, or other parties claiming an encumbrance or an interest in title whose claim or interest must be determined, settled, paid or released prior to a title or escrow closing.

We may also disclose your Personal Information to others when we believe, in good faith, that such disclosure is reasonably necessary to comply with the law or to protect the safety of our customers, employees, or property and/or to comply with a judicial proceeding, court order or legal process.

Disclosure to Affiliated Companies

We are permitted by law to share your name, address and facts about your transaction with other FNF companies, such as insurance companies, agents, and other real estate service providers to provide you with services you have requested, for marketing or product development research, or to market products or services to you. We do not, however, disclose information we collect from consumer credit reporting agencies with our affiliates or others without your consent, in conformity with applicable law, unless such disclosure is otherwise permitted by law.

Disclosure to Nonaffiliated Third Parties

We do not disclose Personal Information about our customers or former customers to nonaffiliated third parties, except as outlined herein or as otherwise permitted by law.

Confidentiality and Security of Personal Information

We restrict access to Personal Information about you to those employees who need to know that information to provide products or services to you. We maintain physical, electronic, and procedural safeguards that comply with federal regulations to guard Personal Information.

Access to Personal Information/

Requests for Correction, Amendment, or Deletion of Personal Information

As required by applicable law, we will afford you the right to access your Personal Information, under certain circumstances to find out whom your Personal Information has been disclosed, and request correction or deletion of your Personal Information.

However, FNF's current policy is to maintain customers' Personal Information for no less than your state's required record retention requirements for the purpose of handling future coverage claims.

For your protection, all requests made under this section must be in writing and must include your notarized signature to establish your identity.

Where permitted by law, we may charge a reasonable fee to cover the costs incurred in responding to such requests. Please send requests to:

PRE-NUPTIAL CONTRACT.

This Agreement, made and entered into this 20 day of July, A.D. 1895, between John Mutimer and Mary A. Mutimer, both of the City of Rockford, in the State of Illinois,

Witnesseth, that whereas a marriage is about to be solemnized between said parties, and whereas each of said parties is now the owner of real and personal property in his and her own individual right and each has children by a former marriage, therefore it is mutually agreed by the parties hereto as follows:

First: That after the consummation of said marriage and during the continuance of said marriage relation, each of said parties shall hold, possess and enjoy and dispose of the property now owned by him or her, the same as if said marriage had never been consummated.

Second: That all the property acquired by either of said parties during the existence of said marriage shall be likewise held, controlled and disposed of the same as if said marriage had never been consummated.

Third: That in case said marriage should be dissolved by divorce, then and in that case neither party shall be entitled to any portion of the property of the other as alimony or otherwise.

Fourth: That in case either party shall survive the other, then and in that event the survivor shall not be entitled to any part or portion of the property of the

THIS EASEMENT AND SECOND DECLARATION OF RESTRICTIONS
("DECLARATION") is made this 16th day of February, 2009, by Lucille Anderson,
individually and as sole heir of the Estate of LaVerne Anderson, deceased, and Anderson
Garage, Inc. (jointly, hereinafter referred to as "Declarant");

WITNESSETH:

WHEREAS, Declarant is the legal title holder of that certain real property situated in the
City of Rockford, Winnebago County, Illinois, more particularly described as follows, to wit:

Part of Block Eight (8) as designated upon the Plat of Rockford Sand and Gravel
Company's Subdivision of part of Sec. 34 and 35 T. 44 N., R. 1 E. of the 3rd P.M.,
the Plat of which Subdivision is recorded in Book 11 of Plats on Page 32 in the
Recorder's Office of Winnebago County, Illinois, bounded and described as
follows to wit: Beginning on the East line of said Block 8 which line is
coincident with the West line of Block 6, as shown upon said Plat, at a point
475.0 feet South of the Northwest corner of said Block 6; thence West, parallel
with the North line of said Block 8, 1080.0 feet; thence South, parallel with the
West line of said Block 6, extended South 50 feet, more or less, to the Southerly
line of said Block 8; thence Easterly and Southeasterly along the Southerly line of
said Block 8 to the West line of said Block 6; extended South, thence North on
said West line so extended 265.5 feet more or less, to the point of beginning,
EXCEPTING therefrom all that part of said tract lying Easterly of the Westerly
line of Magnolia Street as said street was dedicated by Deed dated March 20,

2. The following easement and additional restrictions are hereby placed upon the use of the aforesaid real property (also herein described as "the site") and shall run with the land, so as to prohibit to wit:

a) Easement: A right of access is granted for the purpose of conducting any activity related to the Consent Decree, including, but not limited to those activities developed pursuant to Paragraph 25.a of the Consent Decree; and grants the right to enforce the land/water use restrictions developed pursuant to Paragraph 25.b of the Consent Decree, or other restrictions the Illinois EPA determines are necessary to implement, ensure non-interference with, or ensure the protectiveness of the remedial measures to be performed pursuant to the Consent Decree. Such rights are granted to (i) the State, on behalf of Illinois EPA, and its representatives, (ii) the other Settling Defendants and their representatives, and/or (iii) other appropriate grantees.

b) Additional Declarations of Restriction to the property including:

* Hazardous substances are present on the Site;

* No excavations or other penetrations of the impermeable barrier built pursuant to the referenced Consent Decree shall be allowed unless the construction workers are trained consistent with 29 CFR 1910.120 ("OSHA") and work under an adequate health and safety plan. All soil spoil material must be managed consistent with a soil management plan consistent with all applicable state and federal laws applicable at the time. Such soil management plan must be specific to any planned on-site construction activity. Each specific soil management plan must be prepared and endorsed by a person qualified to write such plans and each specific soil management plan shall be provided to the Illinois EPA 30 days prior to initiation of any penetration of the barrier excavation or construction activity;

* The engineered barrier must be maintained consistent with an inspection, maintenance, and corrective action plan developed as part of the remedial design approved by the Illinois EPA.

(Signature page follows)

IN WITNESS WHEREOF, the Declarant, record owner, hereby submits this Second Declaration of Restrictions and Easement to the Winnebago County, Illinois, Recorder of Deeds to record this document in the title deeds of said real property.

DECLARATION OF RESTRICTIONS

THIS DECLARATION is made this 10th day of March, 1995, by Anderson Garage, Inc. (hereinafter referred to as "Declarant");

WITNESSETH:

WHEREAS, Declarant is the legal title holder of that certain real property situated in the City of Rockford, Winnebago County, Illinois, more particularly described as follows, to wit:

Part of Block Eight (8) as designated upon the Plat of Rockford Sand and Gravel Company's Subdivision of part of Sec. 34 and 35 T. 44 N., R. 1 E. of the 3rd P.M., the Plat of which Subdivision is recorded in Book 11 of Plats on Page 32 in the Recorder's Office of Winnebago County, Illinois, bounded and described as follows to wit. Beginning on the East line of said Block 8 which line is coincident with the West line of Block 6, as shown upon said Plat, at a point 475.0 feet South of the Northwest corner of said Block 6; thence West, parallel with the North line of said Block 8, 1080.0 feet; thence South, parallel with the West line of said Block 6, extended South 50 feet, more or less, to the Southerly line of said Block 8; thence Easterly and Southeasterly along the Southerly line of said Block 8 to the West line of said Block 6, extended South, thence North on said West line so extended 265.5 feet more or less, to the point of beginning, EXCEPTING therefrom all that part of said tract lying Easterly of the Westerly line of Magnolia Street as said street was dedicated by Deed dated March 20, 1950 and recorded April 5, 1950 in said Recorder's Office in Book 696 on page 626.

WHEREAS, said real property is presently zoned for general industrial use only;

WHEREAS, said real property is also known as the Interstate Pollution Control/Roto-Rooter Superfund Site and is presently involved in proceedings before the Illinois Environmental Protection Agency pursuant to the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, 42 U.S.C. Section 9601, et. seq., as amended ("CERCLA") and the National Oil

and Hazardous Substances Pollution Contingency Plan, 40 C.F.R. Part 300, et. seq. ("NCP");

WHEREAS, Declarant is desirous of placing future use restrictions on said real property pursuant to § 300.430(e)(9)(iii)(C)(2) of the NCP to prevent additional and further contamination and to reduce costs to Declarant of final CERCLA remedial action on the real property.

NOW, THEREFORE, Declarant hereby declares as follows:

1. The preambles of this Declaration are incorporated herein.

2. The following restrictions are hereby placed upon the use of the aforesaid real property (also herein described as "the site") and shall run with the land, so as to prohibit to-wit:

a) all residential development of the site; b) all public access to the site except for general industrial use; c) all unpermitted treatment, storage or disposal of waste on the site; and d) all uses of groundwater at the site; all of the above except as required by the Illinois Environmental Protection Agency or the United States Environmental Protection Agency.

IN WITNESS WHEREOF, the Declarant, record owner, hereby submits this Declaration of Restrictions to the Winnebago County, Illinois, Recorder of Deeds to record this document in the title deeds of said real property.

Dated this 10th day of March, 1995.

The undersigned hereby acknowledges that he/she has been informed that the Consent Decree executed by the attorneys of record for the parties in this action is available for public inspection at the Rockford Public Library, and that he/she has had opportunity to review it or seek legal advice regarding its terms, and in return for the rights, covenants and protections provided to Covenant Beneficiaries in the Consent Decree agrees, on behalf of the Covenant Beneficiary, to the following:

1. The Covenant Beneficiary agrees, upon reasonable advance notice to the extent practicable based on the reason access is needed and site conditions, to provide the United States, the State, the City and their representatives, including U.S. EPA and its contractors, access at all reasonable times to the portion(s) of the Site (and any other property in close proximity to the Site to which access is required for the implementation of the Consent Decree), that it owns or controls to which access is necessary, as provided in Section VI of the Consent Decree.

2. Except as otherwise provided in Paragraph 23 of the Consent Decree, the Covenant Beneficiary covenants not to sue and agrees not to assert any claims or causes of action against the United States or the State, with respect to the Work, Groundwater-Related Response Action and Costs, Past Response Costs, Future Oversight Costs, Area 7 of the Site (all as defined in the Consent Decree), the Consent Decree or contributions of Covenant Beneficiaries to the City with respect to the Consent Decree, including, but not limited to:

a. any direct or indirect claim for reimbursement from

the Hazardous Substance Superfund (established pursuant to the Internal Revenue Code, 26 U.S.C. § 9507) through Sections 106(b)(2), 107, 111, 112, 113 of the Comprehensive Environmental Response, Compensation and Liability Act, as amended ("CERCLA"), 42 U.S.C. §§ 9606(b)(2), 9607, 9611, 9612, 9613, or any other provision of law;

b. any claims against the United States or the State, including any department, agency or instrumentality of the United States or the State under Sections 107 or 113 of CERCLA, 42 U.S.C. §§ 9607 or 9613 related to the Site, or

c. any claims arising out of response activities at the Site, including claims based on U.S. EPA's and the State's selection of response actions, oversight of response activities or approval of plans for such activities.

3. The Covenant Beneficiary agrees, as provided in Paragraphs 1 and 34 of the Consent Decree, not to oppose entry of the Consent Decree or to challenge the terms of the Consent Decree or this Covenant Beneficiary Election Form and the Court's jurisdiction to enter and enforce the Consent Decree and the Covenant Beneficiary Election Form. Failure of the Covenant Beneficiary to abide by this paragraph renders the rights, covenants and protections applicable to it under the Consent Decree null and void.

4. The Covenant Beneficiary agrees not to sue the City or any other Covenant Beneficiary for matters addressed in the Consent Decree, as defined in Paragraph 26 of the Consent Decree.

The Covenant Beneficiary does not admit any liability arising out of the transactions or occurrences alleged in the complaints, nor does the Covenant Beneficiary acknowledge that a release or threatened release of hazardous substances at or from the Site constitutes an imminent or substantial endangerment to the public health or welfare or environment.

The undersigned representative of the Covenant Beneficiary named herein certifies that he/she is fully authorized to agree to the terms and conditions applicable to Covenant Beneficiaries herein and in the Consent Decree and to execute and legally bind the Covenant Beneficiary to these terms and conditions. This form shall be filed with:

Site Access Agreement With Rockford Park District

**SITE ACCESS AGREEMENT
RELATIVE TO THE ROCKFORD PARK DISTRICT'S ROCK RIVER-SIDE
PROPERTY**

This Site Access Agreement ("Agreement") is entered into as of the 28th day of JANUARY, 2009, by and between The Rockford Park District, Rockford, Illinois ("Park District") and the Performing Settling Defendants, consisting of Hamilton Sundstrand Corporation, Kelsey-Hayes Company, BorgWarner Inc., IKON Office Solutions, Inc., Textron Inc., under that certain Interstate Pollution Control/Roto-Rooter Superfund Site ("IPC Site") Consent Decree ("Consent Decree") dated July 27, 2005 and executed among the People of the State of Illinois, including the Office of the Illinois Attorney General and the Illinois Environmental Protection Agency ("Illinois EPA"), and the Performing Settling Parties ("Performing Settling Defendants.")

WITNESSETH:

WHEREAS, pursuant to the Consent Decree, the Performing Settling Defendants agreed to prepare a remedial design ("RD") and to perform a remedial action ("RA") and supplemental tasks as requested relating to the Interstate Pollution Control, Inc. Site (the "Site") located at the corner of Peoples Avenue and Magnolia Street in Rockford, Illinois;

WHEREAS, the Performing Settling Defendants, the State, and their employees, representatives, agents, and/or contractors require access onto properties nearby the Site in order to perform aspects of the RD and RA, including, primarily, the installation, sampling from and maintenance of monitoring wells relative to the Site ("RD/RA Work");

WHEREAS, the Park District is the owner of the real estate located south of Blackhawk Park and adjacent to the Rock River in Rockford, Illinois, said property being generally west of and in the area of the Site ("Park District Property");

WHEREAS, the Park District voluntarily agrees to grant a license allowing access to the Park District Property for the sole purpose of installing and maintaining monitoring wells as well as retrieving samples from such monitoring wells as set forth in this Agreement.

NOW, THEREFORE, in consideration of the foregoing and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Park District and the Performing Settling Defendants agree, as follows:

1. The Park District hereby authorizes and consents to a license for entry upon the Park District Property by (i) the State; (ii) the Performing Settling Defendants; and, (iii) the employees, representatives, agents or contractors of the foregoing, (collectively "Licensees") for the sole purpose of installing monitoring wells as delineated in this Agreement, maintaining and securing such wells, and obtaining samples there from. Such monitoring wells are limited in number to those shown on the attached aerial photograph, marked as Exhibit A, and in the approximate location for each well as shown thereon.

2. The Licensees named in Section 1 above shall only enter upon such portions of the Park District Property as may be reasonably necessary for performance of the RD/RA work. Initial activities will utilize equipment approved by a Park District representative and will include the clearing of underbrush and small trees adequate to create an initial, unimproved path substantially aligned with the Park District's desired location of a future bike trail, which path may be thereafter maintained at the discretion and expense of the Park District, and turning off to the wells' location. Best efforts will be made to minimize damage to four (4") diameter and larger trees on the Park District Property.

3. Licensees shall give the Park District five (5) days prior written notice of their intention to perform work on the Park District Property. Contacts for any notice under this Agreement may be made by email or written letter, and shall be to:

4. In conjunction with accessing the property for well installation, Performing Settling Defendants will provide Park District with the final surveyed well locations and the GPS alignment of the unimproved, rough access pathway following construction work.

5. Thomas D. Lupo, solely in his capacity as Chairman of the IPC RD/RA Performing Settling Defendants, hereby warrants and represents that he has the authority to execute this agreement on behalf of all the Performing Settling Defendants under the Consent Decree and that all such Performing Settling Defendants shall become obligated under the terms of this Agreement upon execution of this Agreement.

6. Performing Settling Defendants assume liability for, and agree to defend and indemnify the Park District, including hiring defense counsel, if necessary, for any of the following types of claims which might hereafter be asserted against the Park District arising from the activities of Performing Settling Defendants, or their employees, representatives, agents or contractors for activities within the sole purpose of the license granted as set forth in Section 1, above:

a. All claims for damages arising from injury to person, including but not limited to pain, suffering, disfigurement, disability, death, or limitation of any nature whatsoever, whether physical or emotional, as well as lost income or loss of earning potential, injury to reputation, loss of society, companionship, or consortium;

b. Property damage of any nature whatsoever;

c. Any contamination or environmental damages that may be caused by, or relate to, the activities of, the Performing Settling Defendants, their employees, representatives, agents or contractors, or the IPC Site, for which the Park District might otherwise be held liable.

7. Performing Settling Defendants agree that they shall be liable for all reasonable costs, including attorneys' fees and litigation expenses, incurred by the Park District if necessary for the enforcement of any term of this Agreement, after timely and proper tender of a claim or notice of a breach of a term of this Agreement. Contractors of Performing Settling Defendants entering the Park District Property to perform RD/RA Work per the granted license are required

to have current insurance coverage of \$1 million general liability, \$1 million aggregate; and \$500,000 automobile coverage.

8. Performing Settling Defendants shall not permit any mechanics' lien to attach to the Park District Property for any labor or materials used in connection with Licensees' work on the Park District Property.

9. Sampling activities may include motorized vehicles (e.g., ATVs, 4 x 4s) utilized for access to and from the wells' proximities. Upon the request of the Park District, the Performing Settling Defendants agree to provide copies of any results obtained from any sampling performed at the monitoring wells on the Park District Property, within ten (10) days of written request.

10. This Access Agreement shall be binding on any successors, assigns or purchasers of the Park District Property, whether by sale of the Park District Property or other grant of an interest therein, and shall further be binding on any successor, assign, or purchaser of any company or other entity that comprise the Performing Settling Defendants.

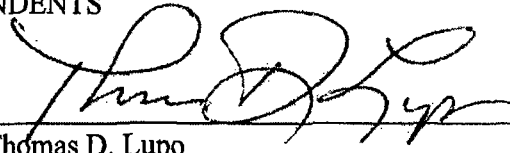

11. The term of this Agreement shall commence upon its execution by all parties hereto and shall terminate upon the court-sanctioned completion of the RD/RA activities to which it applies. At the time of such termination of the RD/RA activities the Performing Settling Defendants shall immediately prepare and record all documents necessary to effect the release of, and demonstrate the invalidity of, this Agreement as an encumbrance upon the Park District Property, if applicable. The Performing Settling Defendants shall notify the Rockford Park District when all documents are recorded. Further, upon termination of this Agreement the Performing Settling Defendants shall permanently cap and secure all of the wells installed pursuant to this Agreement in a manner that will prevent any extrusion above the surface of the surrounding soil. Any equipment that the Performing Settling Defendants may have on the Park

District Property at the time of such termination shall also be removed and any landscape incursions repaired.

IN WITNESS WHEREOF, the parties hereto have executed this Site Access Agreement as of the date first above written.

Summary

It appears that the required controls were executed and recorded in a legally enforceable manner, are still in place, are still effective, and they satisfy the IC objectives/performance standards. Therefore, no existing control modifications or new controls are necessary.

4.3 Groundwater Management Zone

A Groundwater Management Zone (GMZ) application was prepared in accordance with 35 IAC 620.250(a)(1) and satisfying the requirements of the Record of Decision (ROD), dated September 28, 1999, and the Consent Decree (with Appendix B – Statement of Work (SOW)) with the State of Illinois, dated November 8, 2005. The application, dated July 6, 2009, incorporated Illinois EPA comments included in their June 10, 2009 conditional approval letter.

The purpose of the application was to establish a three-dimensional region containing groundwater being managed to mitigate impairment caused by the release of contaminants from the site. As indicated in Section 2.4 of the SOW, *"The six site wells...will constitute the horizontal and vertical boundaries of the Groundwater Management Zone."* The GMZ is listed in the SOW as one of the required controls/restrictions.

4.4 Quarterly Inspections

Routine quarterly maintenance inspections are conducted at the Site and at the downgradient Rockford Park District property where the River Wells are located. These inspections were initiated by the Respondents to ensure that the Site is well maintained, that the ICs are respected, and that any problems are identified and addressed in a timely fashion. Results of each quarterly site inspection is provided to the Illinois EPA.

The quarterly reports include observations regarding the integrity of the Site cap, fences, gates, and locks. Observations also include the six on-Site and two off-Site monitoring wells.

Inspection reports for the second and third quarters of 2010 are included as samples in Attachment H. While the inspections indicated minor physical issues (animal activity at fences, etc.) all issues were promptly addressed and all inspections to date have indicated there were no activities that would compromise the ICs for the Site.
